

UNCLE SAM'S NAVAL LEADS

Trial Runs of the North Dakota Prove Her to Be Fastest Ship of Dreadnaught Class Now Plowing the High Seas

MARK OF SISTER SHIP, DELAWARE EXCELLENT

Performances of the British Naval Monster, the Bellerophon, Also Put in the Shade on the Rockland Mile Course.

TURBINE ENGINES ARE USED

Rockland, Maine, Nov. 4.—The North Dakota is the fastest battleship of the Dreadnaught type afloat, as well as one of the two most powerful ships in the world. Her series of standardization tests over the Rockland measured mile course today developed a maximum speed of 22.2 knots, an average of 21.82. Both marks are in excess of the best performance of either her sister ship, the Delaware, or the Bellerophon, the leading Dreadnaught of the British navy.

In attaining this surprising speed, the turbine engines from the North Dakota were forced to the development of more horsepower than has been reached by any battleship afloat. A maximum of 23,150 horsepower was recorded, while 23,375 horsepower was the mean amount. The maximum number of revolutions of her nickel composition propellers was 284 a minute. It was found that 23 revolutions in this time were sufficient to maintain the contract speed of 21 knots.

The World Surpassed.

The North Dakota, by her performance today, takes precedence as a general first-class battleship. The figures recorded for the North Dakota today surpass those of any other Dreadnaught. There is only one such ship afloat the attainment of which may exceed those of the North Dakota. This is the Neptune, however, will have to attain figures much in excess of specifications to accomplish this. The Bellerophon of the British navy has made but 22.1 knots.

The Delaware is equipped with reciprocating engines while the North Dakota is fitted with turbine engines.

Captain Edward G. Evans was in charge of the North Dakota today. A working crew of 400 men pushed the vessel to her record performance.

Second Test Today.

Beginning at 7 o'clock tomorrow morning the North Dakota is to be put through the second test, a four-hour run at 21 knots. It is expected that an average of about 21.5 knots will be developed. The run will end off Boston light, where the North Dakota will anchor and prepare for her 24-hour run tomorrow. Following this, she will go under another 24-hour test at 19 knots.

Within six months, it is expected the North Dakota and the Delaware will take their places in the van of the American navy's line of sea fighters and will then rank as the greatest battleships in commission throughout the world.

SAYS A NEWSPAPER CAUSED HIS ARREST

Denver, Colo., Nov. 4.—Gus Lowit, former Portland merchant, wanted by the Oregon authorities in connection with the failure of the Oregon Trust & Savings bank, was arrested tonight on the charge of embezzlement. Deputy Sheriff B. F. Beatty has arrived from Portland to take Lowit back, and will apply for requisition papers tomorrow.

Lowit protests that he is innocent of any wrongdoing in connection with the defunct bank, and says that his arrest is part of a scheme of a Portland newspaper, which he owes \$1,000 for advertising to force him to return in gold. "The Lowit was arrested and released some days ago on his own recognizance pending the arrival of Oregon officers."

HENEY'S BROTHER GETS HIS WALKING PAPERS

Tucson, Ariz., Nov. 4.—Ben Henev, a brother of Francis J. Henev, was removed from office as mayor tonight by the council on a charge of removing city records. Henev admitted that he had removed the resignation of the street superintendent after it had been filed.

Henev's only course lies in an appeal to the district court. P. N. Jacobs, a prominent business man, was appointed to succeed Henev as mayor.

SAFE OF LINER ROBBED.

New York, Nov. 4.—Robbers boarded the Hamburg-American liner Prince Frederick lying at her pier here two days ago, forced open the safe in the purser's office and got away with \$7,000 in gold. The news of the robbery became public this afternoon.

RICH STOCKMAN, ACCUSED OF RUSTLING, HUNTED BY POSSE

Daniel Hansen Escapes From Sheriff, but Armed Farmers Scour Sevier County in Pursuit.

(Special to The Herald-Republican.)

Ephraim, Nov. 4.—Posses of armed men are scouring Sevier county to capture Daniel Hansen of Elsinore, one of the most prominent stockmen in the community, who after being twice arrested for cattle rustling, escaped today from a deputy sheriff.

Hansen has a wife and family in Salt Lake, but for some time past has been making his home with his mother near Elsinore.

Posses in pursuit of him consist of prominent citizens, forest rangers and deputy sheriffs, all armed to the teeth, for it is the belief that Hansen will not be taken alive if he can help it. The Salt Lake police have been asked to look out for him, as it is thought he may try to visit his family there.

Hansen's first arrest caused a tremendous sensation throughout Sevier county. He has always been regarded as one of the most solid and reputable citizens in the community. He was arrested at Richfield yesterday and bound over in the sum of \$1,000 by Justice of the Peace Johnson. The specific charge was that he stole twenty-eight head of cattle and sold them to various Sevier county farmers.

Immediately upon his release he went to Salina, where he was again

KING OF BURGLARS BETRAYED BY GIRL

Plunder Valued at \$5,000 Is Recovered—Capture May End Band.

PLUNDER RECOVERED IN BURGLAR'S SUIT CASES.

Ten gold watches valued at \$700.
Pearl necklace valued at \$1,500.
Sealskin coat valued at \$400.
Set of silverware valued at \$300.
Diamond rings valued at \$1,200.
Other jewelry valued at over \$500.
Woman's silk dresses and many other small articles of minor value.

Through the arrest of 14-year-old Ruby Eastman, a girl wanted by the juvenile court in Ogden, the Salt Lake police department yesterday afternoon uncovered the mystery of a score of burglaries that have baffled the detective force for two months past and succeeded last night in running to earth John Wilson, one of the cleverest and shrewdest criminals who has ever operated in the west.

With the arrest of Wilson in a rooming house at Third North and Second West street, over \$5,000 worth of plunder secured in burglaries covering a period of the past two months, was recovered.

Wilson was taken by Officer Ripley and Detective Chas. Chase and Curran after he had made a desperate attempt to gain his freedom by jumping through the sash of a second story window at the rooming house, where he was cornered on information furnished by Ruby Eastman, his companion.

White-faced and with the desire to escape at any cost lurking in his shrewdly roving gray eyes, Wilson was brought to the police station, where it was found that he had made preparations for a hasty departure from the city. He was found with a suitcase stuffed with various pockets of his clothes, while his suit cases contained the aggregate plunder of a score of burglaries.

Ready for Flight.

Articles taken from the residence of Dr. A. A. Kerr and J. A. Pollock within the past week were positively identified by the police and the story told earlier in the day by a trembling, frightened girl was more than verified.

Wilson, of stature and neatly dressed, looked the part of a gentleman "Raffles" and made no admissions after being taken to the police station. He implicated no other person in any of the burglaries and voluntarily exonerated the girl from knowledge of his criminal career in Salt Lake.

It was the story told by the unsuspecting girl to the police yesterday afternoon and the positive identification of dresses and

PRINCE ITO

Body of Murdered Japanese Statesman Placed in Tomb After Ancient Shinto Rites Had Been Fully Performed.

CEREMONIES LASTED FULLY THREE HOURS

Wreath Presented by Ambassador O'Brien on Behalf of President Taft and Many Similar Offerings Made.

STATE FUNERAL AT SEOUL

Tokio, Nov. 4.—Followed by representatives of the emperor and empress of Japan, ambassadors and others directed to represent their governments, the body of Prince Ito was conveyed to its resting place today.

The burial, conducted with the shinto rites, took place at the mausoleum, erected at the late country residence of the prince in Omori, a suburb of Tokio. The ceremonies were imposing.

The state funeral was conducted with magnificent solemnity. It began with simple ceremonies at the Ito city home at 3 o'clock this morning. Only members of the family and personal friends were present. At 3 o'clock a procession was formed, headed by the Imperial band playing Chopin's funeral march, moved to Kiyohara park, where public services were held. The park was crowded with men in evening dress and women gowned in black. A part of these were foreigners. A special shrine had been erected, and in this the catafalque rested. The ceremonies occupied three hours. Here a wreath was presented by Ambassador Thomas J. O'Brien on behalf of President Taft, while similar floral offerings were made in the name of their governments by British Ambassador MacDonald, Count Montegias, German charge d'affaires, and representatives of France, Russia, Austria and Italy.

There also were floral tributes made by Field Marshal Lord Kitchener, in the name of the British army, and by the delegation of Koreans now in this country.

Simple but Magnificent.

At the conclusion of the rites the catafalque was again placed upon the gun carriage and at 2 o'clock the march to Omori, where the interment was to be made, was begun. Along the route of six miles a great throng looked on in silence. The interment was made at dusk in the presence of the family, a few personal friends, representatives of the emperor and empress and others of the royal family.

Interment at Dusk.

Seoul, Nov. 4.—The state funeral in honor of Prince Ito was conducted here during the same hours that services were being held in Tokio. The Korean funeral rites were used and all Korean officials and most prominent personages of the city were present.

TAFT STILL ON THE WAGON

Mint Julep Failed to Tempt the President While at Breakfast in Georgia.

Savannah, Ga., Nov. 4.—A real mint julep failed to tempt President Taft in Macon today. It had been brewed with consummate skill and reposed apparently harmless in a green-topped glass that had barnacles of frosting on the outside. It was placed before the President at breakfast in the Earlford home.

This is what the President did: He looked at the looking glass, ate a bit of toast and then got busy with a beautiful southern breakfast. He had plenty to eat, including waffles, quail, fried chicken, sausage, steak, broiled ham, broiled chicken and grits.

Mr. Taft arrived here at 7:45 tonight. He will remain here until tomorrow. He is due to arrive in Washington next Wednesday evening. The President was guest of honor at an elaborate banquet tonight. Mayor George W. Tidemann was toastmaster.

INCREASED DIVIDEND.

New York, Nov. 4.—The directors of the American Cotton Oil company, which has plants in sixteen states, today declared an annual dividend of 5 per cent on the common stock, an increase of 2 per cent over last year.

BUFFALO FOR REFORM.

Buffalo, N. Y., Nov. 4.—Late election returns show that the Des Moines commission plan of government was adopted in this city. The total vote cast in the city for mayor was 63,512.

CONFLICTING TALES TOLD

Claims From Nicaragua That Both the Revolutionists and Zelaya Are on Top.

New Orleans, Nov. 4.—After a lapse of several days, the local Central American colony received news from the front today. From Bluefields and the Atlantic ports of Nicaragua came reassuring advice to the sympathizers of General Estrada, leader of the revolutionists, saying that "the liberator" was daily gaining strength in men, arms and ammunition, and that President Zelaya is making no move to regain the territory taken by revolutionists.

From Managua, the capital, and from Pacific coast points, came still more news to local friends of the administration. President Zelaya declares that there had been a severe engagement near El Chile, and that the enemy had been defeated. He gave few details, but said it was a glorious victory.

President Zelaya's cables were directed to Consul General Aitchison.

"President Zelaya assures me," said the consul, "that there has been some terrific fighting, and that the enemy is thoroughly panic-stricken. No list of casualties is given, but the rebels have been badly beaten. President Zelaya says that the work of his Maxim guns is more than satisfactory."

REFUSED TO INDICT.

Gallatin, Mont., Nov. 4.—Believing Otis Gallatin, a young farmer, was justified in killing the man who had wrecked his home, six members of the Davies county grand jury refused to vote indictments against him for killing John Ward, a wealthy land owner, Aug. 21 last. Claycomb was given his liberty.

PLAQUE AND YELLOW JACK.

Guayaquil, Nov. 4.—During the last two weeks of October there were sixty-six cases of bubonic plague, twenty-three of which proved fatal, and sixteen cases of yellow fever, with nine deaths, in Ecuador.

SOME OF THE ORIENTALS ARE ENTITLED TO CITIZENSHIP

Syrians, Turks, Persians, Arabs Egyptians and Others Can Become Americans.

Los Angeles, Cal., Nov. 4.—The right of a native Syrian to become a citizen of the United States was upheld today by Judge Hutton in the superior court of Los Angeles county against the efforts of the federal authorities. The court ruled that a Syrian was not a Mongolian, but of the Semitic or Aryan white race, and hence could not be barred from citizenship.

Washington, Nov. 4.—The federal government department of justice tonight took a hand in the controversy over the question whether Syrians, Turks, Persians, Egyptians, Arabs and others of that racial kin are of the white race and so entitled to naturalization as American citizens, or of the yellow and therefore to be excluded from the privileges of citizenship, as contended by Chief Justice and the bureau of naturalization.

William H. Harr, the attorney general's assistant having naturalization matters in charge, announced tonight that instructions would be sent to the United States attorneys throughout the country to hold in abeyance all proceedings opposing naturalization of applicants of the races referred to until the matter can be further investigated.

The agitation following the widely disputed ruling of Mr. Campbell has become embarrassing to the state department, which, as it announced yesterday, has been negotiating for a reciprocal naturalization treaty with Turkey.

As the matter stands now, a citizen of Turkey may renounce his citizenship under that government with impunity, as long as he keeps off Turkish soil. The setting of his foot thereupon at any time thereafter makes him by that act again a Turkish subject.

Mr. Harr said he would take up the matter with Attorney General Wickham when he returns to the city next week, and that perhaps he would get in touch with the state department and the department of commerce and labor.

MME. STEINHEIL'S TRIAL

Man Who Confessed Participating in the Murders Not Recognized by Prisoner.

Paris, Nov. 4.—Dramatic situations followed fast one upon another in court today, where the trial of Mme. Marguerite Steinheil, accused of having murdered her husband and her stepmother, Mme. Japy, was continued.

As on the opening day of the sensational case, all Paris was wrought to a high tension over the promised disclosures.

Mme. Steinheil was again on the stand, dressed in a mourning gown, a dramatic, though pathetic figure, fighting hard for life. And in the midst of her indignation by the presiding judge, her attorney, M. Aubin, with melodramatic effect, suddenly pushed to the forefront a man who had taken part in the murders of which Mme. Steinheil was charged.

Mme. Steinheil gazed at him wearily, and after he had made a rambling statement in which he said that, disguised as a woman and wearing a wig of red hair, he had helped commit the murders, she declared she could not identify him as one of the murderers whom she had previously described.

OLD IN CRIME.

Ottawa, Ont., Nov. 4.—Cyril St. Armand, 39 years old, was today sentenced to six years for horse stealing. When 8 years old he was convicted of an attempt to wreck a Canadian Pacific railway train. His youth enabled him to escape sentence for this and a number of burglaries which followed.

LARGE CROWD AFTER HER

WHERE DOLLY WILL APPEAR TODAY.

In order to assist in effecting her capture, Dolly offers for today one best tip. She will carry in plain view a package of Hewlett's Famous Tea at all of her engagements, which she will faithfully fulfill.

Between 12:30 and 2 o'clock this afternoon Dolly will view her photograph in the show window of the Mullett Clothing company, 41 West Second South street.

Between 2:30 and 3:30 this afternoon, watch for her at the Schramm-Johnson drug store, "where the cars stop."

Between 4:30 and 6:30 this afternoon Dolly will promenade on Main street between Second South street and First South street.

TONIGHT.

Dolly will occupy a seat during the performance at the Bungalow theatre, if she is not captured by that time. Immediate announcement will be made, however, when she is captured. Watch for the package of Hewlett's Famous Tea.

BY DOLLY DIMPLES.

If participants keep up the kind of work they did yesterday afternoon there will soon be an announcement of my capture. The crowd was large and composed mostly of women, and everyone seemed possessed of the corner of the eye. I did not attempt to enter the crowd alone, but was accompanied by a gentleman.

It was about 3:27 o'clock when we entered the crowd. We walked down as far as Second South, crossed and came up on the opposite side of the street. There we stood for fully ten minutes. I noticed many at hand with bicycles prepared to give chase should I enter any car, but I never once dreamed of entering my dear American.

As we were about to leave, a lady wearing a brown suit and a small brown hat came up to where we stood. She was leading two children. The little girl, who was probably 10 years old, looked at me and then said, excitedly, pointing right at me:

"Mamma, I think that is Dolly Dimples."

The mother pulled the child away by the hand, saying, in embarrassed tones: "Hazel, don't be so foolish."

Children are always sharp, and Hazel was a sweet little thing. I wish she had saluted me.

A Cleaning Establishment.

I visited the Regal Cleaning & Dyeing company, at 186 and 188 East Second South street, yesterday, to make some inquiries regarding some cleaning and dyeing I wanted done. This establishment has the reputation to be the greatest of the kind between Chicago and San Francisco, and is the most modern I have ever seen. Over sixty skilled

STATE DEPARTMENT IS NOT READY TO TAKE ITS STAND

Assistant Secretary Huntington Wilson Refuses to Be Drawn Into Cook-Pearry Controversy.

Washington, Nov. 4.—Refusing to be drawn into the Cook-Pearry North Pole controversy, the state department today declined a request that it cable American Minister Egan at Copenhagen to request of the University of Copenhagen permission to examine the records of Dr. Frederick A. Cook when they are submitted to that institution.

The request was made by a delegation from the National Geographic society, which will appoint a committee to visit the foremost Danish scientific institution to which Dr. Cook is to submit his records. The desire to have the request go through the official channels was made at a conference between Assistant Secretary of State Huntington Wilson and Messrs. Gannett, the government chief geographer; Edson, former president of the board of trade of Washington; Grosvenor, editor of the official organ of the society; Gore and Colville, all prominent members of the National Geographic society.

The department took the request under advisement, and later decided it could not accede to it. It was felt that action would constitute official recognition of Commander Peary as against Dr. Cook, that any unusual action on its part might be interpreted as an endorsement of the claim of one or the other of the two explorers as to priority of discovery. The department has notified Secretary Grosvenor of its attitude.

Members of the committee, which will go to Copenhagen for the Geographic society, will be provided with the usual letters of introduction from the state department to the American diplomatic officers abroad asking that the committee be given all courtesies or assistance possible consistent with the official duties of the diplomatic character. Letters of this kind are frequently issued to citizens traveling abroad.

Determined effort will be made by the committee to secure the Cook data. Dr. Cook will be afforded every opportunity to place his record or any information bearing on the trip, by the committee, which soon after its appointment will communicate with him directly.
